(a) The Contracting Officer may designate in writing one or more Government employees, by name or position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.

(b) The CORs for this contract are Shipping Agent at the General Services Office (GSO), Mail and Pouch Clerk at the Information Resources Management Office (IRM) and Logistics Management Center/Contract Management Officer (LMC/CMO).

G.1.2 COR DUTIES

The COR is responsible for inspection and acceptance of services. These duties include review of Contractor invoices, including the supporting documentation required by the contract. The COR may provide technical advice, substantive guidance, inspections, invoice approval, and other purposes as deemed necessary under the contract.

G.2 SUBMISSION OF INVOICES AND PAYMENT

G.2.1 Invoices shall be submitted in an original and three (2) copies to the Contracting' Officer's Representative (COR) at the following address (designated payment office only for the purpose of submitting invoices):

*Financial Management Office of U.S. Embassy Baghdad in Iraq, electronically to the following email address: [baghdadvendorinvoice@state.gov](mailto:baghdadvendorinvoice@state.gov).*

G.2.2 Payment for services will be upon presentation of an acceptable invoice. The Government will disallow expenditures for international air and on foreign flag air carriers unless the appropriate certificate or waiver is attached to invoices. The certification used in FAR clause 52.247-63, Preference for U.S.-Flag Air Carriers, satisfies the justification requirement.

G.3 SELECTION OF AWARDEE FOR INDIVIDUAL TASK ORDERS

(a) If more than one contractor has received an award for these services, the following procedures shall govern regarding issuance of individual task orders. No work shall be performed without a task order being issued to the Contractor by the Contracting Officer.

(b) As the need for services arises, the Government will develop a price estimate. If the estimate does not exceed US\$10,000, the Government will follow the procedures in paragraph (c) below. If the estimate exceeds US\$10,000, the Government will follow the procedures in paragraph (d) below.

(c) Orders not exceeding US\$10,000 - The Government will select a contractor for issuance of the task order. This decision will be based on the Government's best interests, which may include factors such as estimated price; past performance record; need to meet contractual minimums; or desire to avoid exceeding task order limitations set forth in Section I, FAR 52.216-19, "Order Limitations".

(d) Orders exceeding US\$10,000 - Unless one of the exceptions in paragraph (e) below applies, the Government will follow one of the following two scenarios:

(1) The Government will request each contractor to perform, AT NO COST TO THE GOVERNMENT, a pre-shipment survey after which the contractor will present an estimate to the Government. Whether or not the contractor is selected for an individual task order, the Government shall not be liable for any claim from the Contractor for the costs of performing the pre-shipment survey. Selection will be based on a combination of estimated price and past performance information to include as a minimum the accuracy of previous surveys; or

(2) If the Contracting Officer can establish which Contractor's prices will result in the lowest price for the individual task order without requesting a pre-shipment survey, the Government will make its award selection based upon the prices set forth in the contract and past performance information gained as a result of contractor performance under this contract.

(3) Regardless of whether the procedures in paragraph (1) or (2) above were followed, selection of contractors shall not be protestable to GAO under Subpart 33.1 of the Federal Acquisition Regulation, except on the grounds that the order increases the scope, period, or maximum value of the contract. However, the Department of State does have an Acquisition Ombudsman who will review complaints by contractors to ensure that all contractors are afforded a fair opportunity to be considered for these task orders, pursuant to the procedures for award of task orders established herein.

(e) Exceptions to the procedures in paragraph (d) above:

(1) The agency need for the required services is of such urgency that providing such competitive opportunity would result in unacceptable delays;

(2) The order should be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order; or

(3) It is necessary to place an order to satisfy a minimum guarantee.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of clause)

52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than \$10.00 U.S. Dollars, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--

(1) Any order for a single item in excess of \$500,000 U.S. Dollars;

(2) Any order for a combination of items in excess of \$1,000,000.00 U.S. Dollars; or

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within three (3) days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

#### 52.216-22 INDEFINITE QUANTITY (OCT 1995)

(6) Compliance by a U.S. person resident in a foreign country or agreement by such person to comply with the laws of that country with respect to his or her activities exclusively therein, and such regulations may contain exceptions for such resident complying with the laws or regulations of that foreign country governing imports into such country of trademarked, trade named, or similarly specifically identifiable products, or components of products for his or her own use, including the performance of contractual services within that country, as may be defined by such regulations.

K.7 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (OCT 2015)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that --

(i) The Offeror and/or any of its Principals --

(A) Are  are not  presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have  have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are  are not  presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
